

# Record Protectors

Carstens vinyl Record Protectors protect critical patient documents and provide easy readability. All Record Protectors feature an exclusive bonding process for extra-long wear and can hold sheets up to 8½" x 11".

**Traditional Record Protectors** have clear front and frosted back.

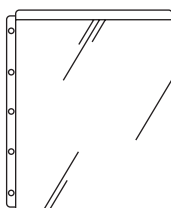

**Diagonal-Cut Pocket** makes record insertion/removal quick and easy!

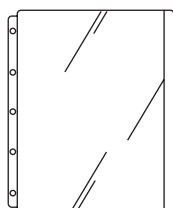

**Tab View Record Protectors** for pre-drilled documents won't cover divider tab titles. Large 7/16" holes provide alignment flexibility.
