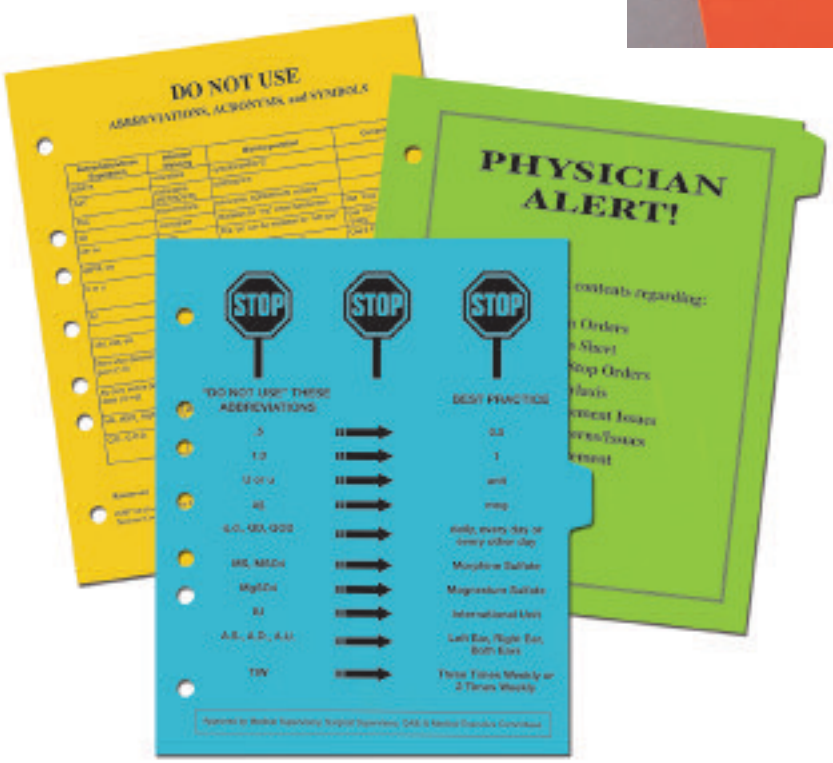
Custom Divider Sets

After we receive your completed Custom Order Form, we'll deliver your order in approximately 7-10 days for Poly and 3-4 weeks for Paper. All Poly Dividers now have 11½" holes for smoother paper travel in Ringbinder Charts. If needed, our Poly tab sheets can be die-cut to hold up to four Pull-Tab Alerts *(see page 36)*. Please specify die-cuts when ordering. **Custom divider sets are not returnable. Call if you need assistance placing your order.**

See pages 112-122 for custom order forms.



Custom Divider Face Printing

Available on carstens poly dividers. 25 piece minimum required.
